It is a little known Oxford tradition that wives of retired masters of colleges regard the plants of that college as personal property for years to come. This view is rarely shared by the wife of the present incumbent.

Anyone who has the opportunity should make a point of visiting Magdalen and Christ Church meadows in the spring time to enjoy the wealth of wild flowers. In addition to the more accessible gardens, most colleges have Fellows' Gardens which are usually closed to the public. Once a year, however, they are opened as part of the National Gardens scheme and well worth seeing if you happen to be in Oxford on the right day.

Oxford's Botanic Garden was the third in Europe, preceded by Pisa and Leyden. Its original function was to provide herbs for the School of Medicine. It got off to a very good start, as almost unlimited supplies of excellent growing medium were available in the cess-pits of the colleges.

Oxford Botanic Garden Opening hours (April-September) 9.00-5.00. Last admission 4.15. Glasshouses open at 10.00.
