CINEMA REVIEW
The Wackness [15]
 Ultimate Picture Palace. till Thu 10th October
 This is a terrific film. It's about being young and getting old making friends, falling in love and taking far too many drugs. *Bill Withal* & *A Little Fear and Loathing*, released this year but set in New York in 1994.
 Ben Kingsley is stunningly funny/sad as the ageing pill popping shrink who strikes up a friendship with the by-the-way-for-his-sessions-in-weed Josh Peck is marvellous as said boy. Luke Shapiro. It's an achingly young character (principled, street smart, sexually and emotionally vulnerable) and he does it beautifully, carrying the bulk of the film without apparent effort. His husky delivery and solitary well-meaningness makes him strangely reminiscent of James Stewart in one of his good guy-in-bad place scenarios.

SEXUAL HEALTH
 "I'm ok, I haven't got chlamydia"
 Think again - chlamydia is the most common sexually transmitted infection
 - It affects men and women
 - 1 in 10 people under 25 who are sexually active are infected with chlamydia
 - Most people will not know they are infected - no signs or symptoms
 - Easily treated with antibiotics
 - If left untreated may cause health problems including infertility
 Free self testing kits available in Oxfordshire. Please contact the chlamydia screening team on 01865 234526 / 234495 for more information.
