SEXUAL HEALTH

"I'm ok, I haven't got chlamydia"
Think again - chlamydia is the most common sexually transmitted infection
- It affects men and women
- 1 In 10 people under 25 who are sexually active are infected with chlamydia
- Most people will not know they are infected – no signs or symptoms
- Easily treated with antibiotics
- If left untreated may cause health problems including infertility

Free self testing kits available in Oxfordshire. Please contact the chlamydia screening team on **01865 234526 / 234495** for more information.
