CINEMA REVIEW

Star Trek [12A]

Showing at both Odeons and the Vue for a good while yet. See Cinema listings below.

This is an outstanding movie – bursting with great ideas, edge-of-the-seat excitement, top quality style and FX, and (praise the Roddenberry) a literate, inventive, witty script that confidently combines humour with drama and thrills with conflict. OK, I admit it, I am a Trekkie, and in a way I can't imagine what it would be like watching this movie if you hadn't grown up as a child with Kirk, Spock, Bones, Scotty, Uhura, Chekhov, Sulu and the rest, but I'm pretty sure that even if I weren't I would still be raving about this film. It's easily the best space movie since the wonderful *Serenity*.

It breathes devastating new life into the tired Star Trek franchise, which in effect collapsed under the weight of its own reverence for itself. It does this with breath-taking nerve, by changing history – in this story, the villain (a tastefully tattooed and splendidly savage Eric Bana) has come back in time and tinkered with the past in order that Spock, whom he blames for the destruction of his home world, will have to witness the destruction of the planet Vulcan (which, by the way, is awesome). A side-effect of the tinkering with time is that Kirk's father does not (as enshrined in previous ST lore) live to bring him up as an upstanding young American hero and glow with pride at his achievements in Star Fleet, but instead sacrifices his life so that his pregnant wife can escape certain death, and as a result the young fatherless Kirk grows up to be a wild and naughty Bad Boy, absolutely guaranteed to get on even the rock-steady nerves of goody two-shoes Spock.

At once, as you can see, this blows out of the water the previous comfy and well-established rapport and friendship between the two, and the rest of the film hinges on their mounting antagonism, even hatred for one another. And the new history is vastly different from the old familiar one. Not only does Kirk not get the girl – any girl, despite his tall athletic figure and eyes the colour of a summer sky – but in this version of history, Spock and Uhura have got it on – shock after shock for learned Trekkies, but also an endless stream of delights – I almost had to stuff my knuckles in my mouth to stop myself giggling out loud with pleasure as one after another we meet the familiar and yet not familiar characters and revel in their wonderfulness.

The cast are all excellent – Chris Pine is a convincing and charismatic maverick, a far cry from his previous shot at international movie stardom, as the bloke who gets to snog Anne Hathaway in *The Princess Diaries: the Disappointing Sequel* – but the revelation has got to be Zachary Quinto, probably familiar to most people as the creepy evil bad guy in US tv series *Heroes*, who is just amazing as the young Spock in his first film role. He does actually look like a young Leonard Nimoy, but his acting ability is in another league, and he seems to have the magical ability to convey profound emotion without actually moving a single muscle in his face. I could rave on about this all day, but the short version is – go and see this movie now. You won't regret it.

THEATRE REVIEW

TWELFTH NIGHT

At the OFS Studio to Sat 16th May. See Theatre listings, below left.

"If this were play'd upon a stage now, I could condemn it as an improbable fiction," says a character in *Twelfth Night*, and it's a fair point. This is quintessential Shakespearian comedy, with gender-swapping and mistaken identity ahoy.

The confusion is added to a little by actors younger than their characters, identical twins played by actors who aren't remotely similar-looking, and an actress playing a man – slightly perplexing alongside another actress playing a woman playing a man. Still, I condemn it not – this is all par for the course with Shakespeare productions, and you can rely on his textual cues to guide you through – that and the acting.

The acting is pretty helpful in this instance – exuberant, bold performances from all, enthusiastic, on-point and genuinely comic. Especially worthy of note is the man playing Sir Toby Belch, who deftly crosses an acting minefield - the ability to act drunk. When that goes wrong, as it often does, it can be absolutely cringe-worthy (see also 'nightclubs in soap operas'). Here it is light and charming, and the well-dressed cast have enough charisma and easy confidence to get the audience vocally on-side. Their talent is made all the more sickening by their youth and good looks.

Modern suits and upbeat music fuel the hedonistic atmosphere, which evokes the appropriate sense of the carnivalesque – late-night drinking and partying, a fluid sexuality that can fall in love with a person seconds after discovering their true gender, and a sense that 'Anything Goes'.

It all adds up to a night of theatrical Cava – intoxicating enough for us to forget that much of this is essentially a story about rich aristocrats getting drunk and keeping people up with their noisy late-night revels – not such a rare spectacle for an Oxford audience.
