THEATRE REVIEW
The Price The Oxford Playhouse
 Under 16s
 I hope it's not too much of a confession of theatrical ignorance to admit that, before it came to Oxford and the Playhouse, I had never heard of the Price by Arthur Miller - author of such twentieth-century classics as *Death of a Salesman*, *View from the Bridge* and *The Crucible*. One of Miller's lesser-known plays, it shares many themes with these more celebrated pieces - notably the stormy relationships between fathers, sons and brothers; strong and troubled men coming to terms with their identity; and a clear sense of the social and economic background against which these lives have taken place.
