 (Volunteers will be reimbursed for their participation)  
 A response to this ad will be recorded, but carries no obligation. You can withdraw at any time. Your GP will be informed if you take part.

**FILM REVIEW**  
**LAWLESS (18)**  
 ODEON GEORGE ST: TUE 18TH - THU 20TH: 2.45, 5.30, 8.15PM  
 VUE CINEMA: TUE 18TH - THU 20TH: 2.45, 5.30, 8.15PM  
**A contender for best foreign language film - at least it should be...** as *Lawless* is barely decipherable in parts without subtitles. A Depression-era gangster film set in the American south, it's as rough and ready as the liquor brewed by the brothers at the heart of this 'true story'.

Jack Bondurant (Shia LeBeouf) is the youngest of three brothers, wet behind the ears, and looking up to his tough-nut siblings Howard and especially Forrest (Tom Hardy). Local rumour has it that the brothers can't be killed but a new lawman, Charley Rakes (Gary Pearce) from the city lights of Chicago, is out to prove that wrong. And when Jack goes it alone with mobster Floyd Banner (Gary Oldman), lawman Rakes will stop at nothing to end the boys' liquor racket. And if the beaux's belles get in the way, tough luck.

**"as rough and ready as the liquor brewed by the brothers at the heart of this 'true story'"**  
 Hillcoat is known for his gritty, violent pics. *The Road* was the bleakest film of 2009. And *The Proposition* was one of the most hard-hitting in 2005. *Lawless* aims for a wider appeal but earns a certificate 18 because of the beatings, throat cuttings and knuckledustings that Hillcoat throws in. Scripted by *Proposition* collaborator Nick Cave, *Lawless* is more like a western than a gangster film. And if you like strongly-cast, blood and bone filmmaking - like *No Country for Old Men*, say - you'll enjoy this.

LeBeouf comes of age, breaking out from the action film comedy turns of the *Transformers* trio and *Eagle Eye* - and convinces as Jack, wanting to be like the brothers but lacking their conscience-free violence. Winning the affections of a preacher's daughter bolsters his confidence and LeBeouf nails the vulnerability that still remains. Mia Wasikowski (*Jane Eyre*, *Alice in Wonderland*) further develops her range, caught up in the boys' moonlight world.

Yet Hillcoat's film doesn't quite hang together. Oldman strides in, tommy gun blazing, and spades an associate to death. Then disappears from the film. Jack is badly beaten but looks fine days later. Pearce's lawman is a cartoon villain, hissably horrid. Tom Hardy's glowering, grumbly-voiced Forrest is a charismatic presence. But the story circles around going nowhere except the inevitable showdown.

Solid and sultry, *Lawless* is brutal but not bold. Passably entertaining, it does nothing new. But its wit and the winning performances of Hardy, LeBeouf and Wasikowski help to keep its head above water. Just don't expect to catch every word of Nick Cave's script. Not that you need to.  
 Glenn Watson
