About www.dailyinfo.co.uk the web version of the broadsheet 'Daily Information'

- It can be useful to you (and we want you to look at it) because:
1. It contains the most extensive local listings now and months into the future.
 2. If you have something you want others to know about, you can tell them from home immediately, at any time and free (up to 10 words for private users. More or less unlimited in the 'Get Help for Anything' column). You can type direct from your computer on to our site, from where your entry will be immediately viewable. For example, about 250 new items of accommodation are offered each week by individuals using this method. If you run an activity, you can enter your meetings.
 3. Around 3,500 Oxford people look at it each day, staying for 7 minutes and looking at 5 pages each.
 4. If you have no computer - or you think it's a bit too complicated - come to the basement at 31, Warnborough Road and we'll show you how it works (an advance call to 553377 would be appreciated).
