Decisions, decisions
 There's never a reason to gush and to coo
 If you want to express loving feelings.
 In proper society saccharine's shunned
 And eyes are rolled up towards ceilings.

It just doesn't do for a gentleman who
 Has designs on a young lady's ardour,
 To invest in crap cards and cheap choccies or scent.
 He really should try so much harder.

A diner à deux is the right thing to do
 If you're out to impress her, my friend.
 The best restaurant you can find is the choice
 With no thought about what you might spend.

So scouring the pages for local reviews
 Is a sensible step to be taken.
 A recommendation you trust is the best
 If her faith in you's not to be shaken.

So thanks, Daily Info, my guide in such matters,
 For the reviews that we find on your pages.
 Without these we'd struggle to know what is what
 And a choice would take ages and ages.

My last problem now is to categorise this:
 As Valentine anti or pro.
 It's going to be tricky - there's elements of both
 And I'm not sure which way I should go.

Fratelli's: so fine with its pizzas and wine
 And Atomic's got burgers to die for.
 I really have problems deciding on which
 Of these two places I would enjoy more.

So maybe you'd let me submit this for both
 As the prizes for each so appeal.
 Either would make the ideal place to take
 My wife for a Valentine meal!
