Still wondering what to do after finals?

What about working at a company where you can influence developments at the most senior levels of business and public life? Where you will provide strategic advice to leaders of many of the world's major companies and challenge preconceptions about what works in business? This is what consulting at McKinsey is all about.

We go out of our way to create the environment and rewards that will attract exceptional people with a first-rate academic record - leaders, outstanding problem solvers and incisive thinkers.

If you have a minimum of AAB at A-Level and are expecting an upper second-class degree, you could be ideally placed to take up this challenge. - Rise to that challenge and you will have the chance to work alongside outstanding business leaders. And become one of them yourself.

Apply online before May 3, 2002 for a full-time position in our London office. If you are successful we will interview you after your finals in June.

For more information and to apply, please visit our website - www.mckinsey.co.uk
